About Us

Founded in 2014, Rota do Livro is a Portuguese book fair and literary events organisation dedicated to promoting books, authors and reading across the country.

Alongside our own publishing house, Edições Toth, we work with a wide range of Portuguese and international publishers, bringing diverse catalogues to book fairs, schools, libraries, municipalities and themed events throughout Portugal.

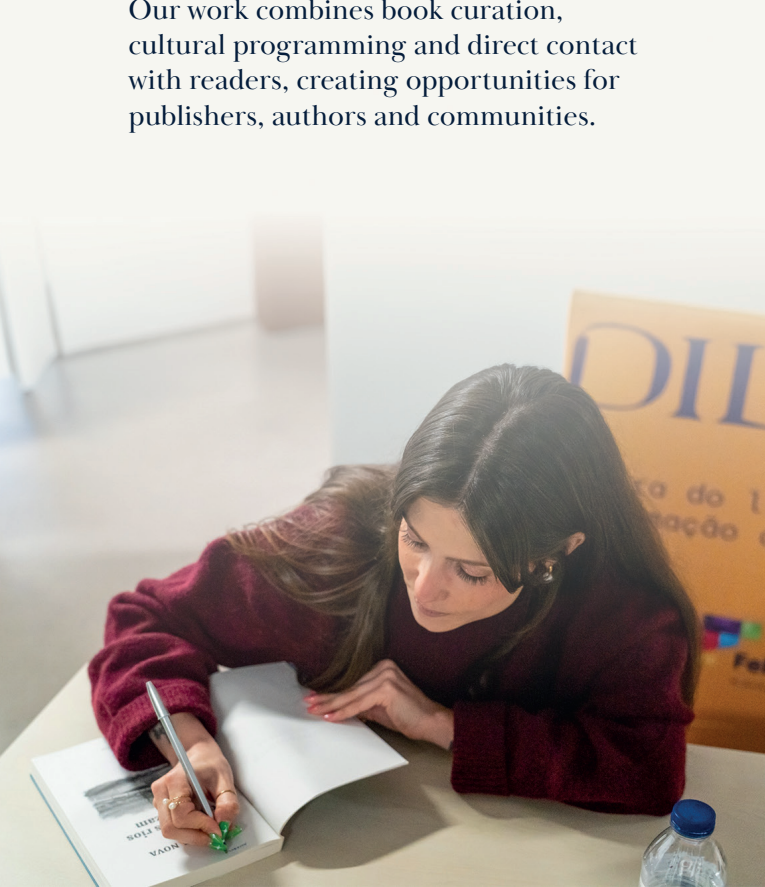

Our work combines book curation, cultural programming and direct contact with readers, creating opportunities for publishers, authors and communities.

What We Do
